DEDICATION TO ALUMNI

The Annual Staff of 1966-67 would like to pay tribute to all our distinguished alumni. Especially do we want to honor two former graduates, Mr. Charles C. Chesnut and the late Dr. Wylie G. Chesnut. Their lives have been an inspiration to many. We, the students of C. H. S., hope to secure a fuller understanding of the problems of our world. As we depart and go our separate ways, we hope to leave behind ideals and knowledge to guide all students.

IN MEMORY OF

Dr. Wylie G. Chesnut was born on July 24, 1904 at Salem, Arkansas. He attended Northeastern Junior College at Miami, and the medical school of the University of Arkansas. He also served in the Navy during World War II. Dr. Chesnut was vice president of the Oklahoma Medical Association, was president of the Miami Clinic and member of the staff of Miami Baptist Hospital. He was president of the Clinical Development Corporation of Oklahoma City, past president of the Northwestern and American Medical Associations and member of the International College of Surgeons and College of American Abdominal Surgeons. He was Ottawa County medical examiner and vice president of the Oklahoma Medical Association. He is also a member of the Masonic Lodge, Adar Shrine at Tulsa, Masonic Jesters organization, and a charter member of the Miami Lions Club. This man will not be forgotten by the students of C. H. S.

ADMINISTRATION

Carl T. Mustain,
Superintendent

Dear Students:

Learning is a life process and vital for every individual. Continuous nourishment of the human mind, body, soul, and spirit is necessary if our existence is to be full of meaning. Educators today question whether any single period during the adult years is the best learning time of life but most agree formal education for our youth must be the best our resources can provide. To this idea your schools are committed.

If we are to be the best trained and best educated people, we must accept our responsibility as students, school personnel, parents, community, state, and nation. The Commerce community deserves the highest commendation here.

Education is costly in money, effort, sacrifice, time and energy. It would indeed be "a wretched taste to settle for mediocrity when all around us there lies excellence."

Sincerely,

Carl T. Mustain

To The Students Of CHS:

It has again been pleasant to be associated with the fine students of Commerce High School.

Your educational experiences are some of the finest hours of your lives. They should be taken seriously. They should also be sprinkled with a touch of laughter and good will. This is the essence of life.

I hope someday you will be able to look back on your years spent at CHS and reflect favorably upon them; that you might say "I learned; the time and effort were not in vain; it all contributed to helping me be a better citizen of our Nation and Community."

Then, and only then will we, the teachers and administration be able to say; "We have accomplished something and can take pride in the educational efforts at our school."

Sincerely,

Robert E. Reed

The Board of Education are constantly striving for new ideals and goals for the students. These men better our education by furnishing the materials we need that will help us in the future.

We of the BENGAL TALES STAFF in representation of the student body would like to congratulate and thank our Board of Education for a job well done.
